FINAL REFLECTION

Think back on the things you did to help other people across the past ten days. In your own words, write a reflection on your experience (~300-600 words total) answering the following questions:

- a) Based on your daily notes, how did you and others tend to react when you did helpful things?
- b) How does what you did across the past 10 days relate to your identity and values?
- c) How do you plan to make a positive impact on other people going forward?
