FINAL REFLECTION

Think back on the things you did to help other people across the past ten days. In your own words, write a reflection on your experience (~300-600 words total) answering the following questions:

a) Based on your daily notes, how did you and others tend to react when you did helpful things?
b) How does what you did across the past 10 days relate to your identity and values?
c) How do you plan to make a positive impact on other people going forward?
