AWE INTERVIEW QUESTIONS

1. Tell me about an experience of awe that you've had. If you don't think you've experienced awe, what is an experience you've had that amazed you or that made you wonder?
2. Does this experience relate to one of the "8 Wonders" of awe? If so, which one? If not, what would you call your "9th Wonder" of awe?
3. What does this experience tell you about what is important or meaningful to you? For example, if you experienced awe through nature, what does that tell you about your relationship to nature? If you experienced awe through an act of moral beauty, does that tell you that doing good in the world is important to you?
4. Do you think your culture or family upbringing has influenced how you experience awe? If so, how?
