

Be an educator for the greater good.

Greater Good
Educators

Discover practical ways to create kinder, happier schools where students and educators truly belong. **Join Greater Good Educators!**

Each month, connect with a community of educators from around the world exploring the science of individual and collective well-being. You'll gain research-based tools, fresh inspiration, and a renewed sense of connection—to yourself, your students, and your school.

Now accepting registrations for 2025-2026 school year! Designed and facilitated by the Greater Good Science Center at the University of California, Berkeley.

"A life-changing experience for me. Each class has become an important learning experience about empathy, humility, and listening with my heart. Thank you for inspiring me, thank you for making me a part of your community."

— Participant, 2024-2025 Program

What You'll Experience

Monthly online sessions led by expert facilitators from UC Berkeley's Greater Good Science Center

Research-backed tools you can use today in your classroom, school, or learning community

Supportive community with educators and school leaders from around the world

Greater Good
Science Center

100% of educators felt a sense of belonging.

In Their Words: What Greater Good Educators Are Saying

"I think one of the best parts of the educators program besides all of the content is the connection with other educators... a lot of the work that we did at Greater Good is being applied in my classroom."

DORI K., TEACHER

"I really felt, every time I logged in and every time I finished, that sense of belonging. I felt that I was in a space where people cared about each other. There was compassion, there was respect."

RACHEL W., EDUCATOR

The biggest thing for me was connecting with other educators from around the world who are doing similar things in their classrooms or education settings and feeling like I wasn't alone in struggles..."

SHARRI C., 5TH GRADE TEACHER

"It's exciting... instead of being another thing you have to do, it's a source of nourishment. Even if you're tired, come... I felt more replenished after than I felt before. It feels like a breath of fresh air."

LUCY, PRE-K TEACHER

Come connect, reflect, and grow with educators around the world as we build kinder, happier schools where everyone belongs!
